Ref. No.: HODA/2024-25/001

Date: 26th Oct 2024

Dear Fellow Doctors,

I am thrilled to announce that we have finally decided to bring our HO Doctors' Association online by creating its official website. This will not only allow people from different regions to learn about our association and our work, but it will also help make our event, HODACON, more popular and accessible across the northeastern region.

Our HO Doctors' Association has been around for many years now, but it is still relatively unknown outside this local area. I believe it's time to broaden our reach and establish our presence on the internet. Not only our association, but our successful event, HODACON, will also have its own dedicated website.

Building the online presence of both the association and the event, will promote our work beyond this region. It will help people understand who we are, what we do, and where we operate, ultimately promoting ourselves collectively. And our information will remain online for lifetime, allowing people to find us for their treatments whenever they need.

To make this a reality, we are all putting in our efforts and need your generous support and contributions so we can achieve this together. Therefore, we are each contributing Rs. 1,000 for the creation of these two websites, along with Rs. 2,000 for building our individual profile pages on the HODA's website. I humbly request you to contribute the same amount now so we can complete these websites and get them online before the next HODACON event.

Speaking of the benefits we'll gain from this, to put it simply, our exposure will increase dramatically—up to 100 times. If you want an entire city or state to know about you within a week, you'll have the power to make that happen as well. The impact this will have on people will be immense. More details on the benefits can be found in the attached PDF.

Additionally, if you're also interested in having your own website built for your clinic or personal practice simultaneously, you can currently take advantage of a year of free SEO services. All these details can be found in the attached PDF.

I hope that, considering this, you'll join the rest of us and be a part of this major initiative. I urge you to fill out the given online form using your phone and contribute the required amount at your earliest convenience. Finally, if you have any questions, feel free to contact me. I'm available between 8 PM and 11 PM.

Thanking you for your cooperation.

Best Regards,

Dr. Dinesh Ch. Sawaiyan
(Treasurer, HODA)

Patron

Dr. S.S. Birua
Dr. L.N. Gagarai
Dr. Meena Kalundia
